

Acer AL1751W 17" Widescreen LCD Monitor

Everything is bigger and better on the Acer AL1751W. Panoramic viewable display is ideal for watching DVD movies – transforming your home into a small movie theatre/home entertainment center.

High Brightness and Contrast Ratio

The AL1751W display's high brightness 450cd/m² and outstanding contrast ratio 600:1 bring brighter and superior image performance to users.

Office and Entertainment

Use the AL1751W as a standard PC LCD monitor with the ability to open two work applications side by side for easy viewing. Or simply plug into a PC to watch the latest DVD movies with 16:9 aspect ratio and widescreen technology viewing.

Auto Scaling Function

Different from regular liquid crystal displays, the Acer AL1751W features auto adjustment of full screen images, no matter what resolution is set.

Plug and Play

Setting up the AL1751W is as simple as one, two, and three. All that is required is to connect the monitor directly into the standard graphics port. The AL1751W does not require a special graphics adaptor and is compatible with today's video graphics cards.

Peace of Mind

With Acer as your partner, you are assured of full support from the world's second largest PC manufacturer and a leader of information technology patents & copyrights. All Acer LCD monitors come with a 3-year Pick-up, Repair & Return warranty. Lifetime technical support is accessible through Acer's 1-300 hotline from 8am-7pm Mondays to Fridays to provide complete peace of mind for you.
